INSTILLING AMERICA'S CHRISTIAN HERITAGE IN YOUTH **Restore America's Christian Heritage Tour** **August 9-16, 2005**

Are you ready to see God transform America's youth and the nation through the power of Jesus Christ? RESTORE AMERICA has recently established a partnership with DELTA Ministries International to conduct Christian Heritage Tours to our nation's capital and other significant historic locations from Virginia to Boston. The mission of this partnership is to train, mentor and equip youth from seventh grade through college to understand our Christian Heritage and become informed leaders in their schools, colleges, and public life and participate in local outreach. Parents are encouraged and welcome to accompany their children.

During these tours, youth will learn about the foundation of America, the Biblical principles of our Founding Fathers, the historical documents of our nation, the basic functions of government, hear from guest speakers, visit significant historical sites, participate in local ministry projects and prayer walking. Restore America will also equip participants with resources to help them engage in current issues impacting the nation upon their return.

Is God calling you to participate in this life changing week? Dates for the first Christian Heritage Tour are August 9-16, 2005. There are only fifteen openings for this first tour and sign up will be on a first come, first serve basis. Multiple tours are planned for 2006 commencing in April, including tours for Pastors, adults and youth leaders.

DELTA Ministries will facilitate all participants for Restore America's Christian Heritage Tours. Church teams, school teams or individuals are encouraged to apply. Learn how you can be a part of this enlightening experience by visiting www.restoreamerica.org or call 1-800 533-5822.
